

PV 101: Solar Electric Fundamentals and Grid-Direct Design

This workshop includes a required web-based on-demand component, PV 101 PREP. This prerequisite is available to students upon registration.

OR

PV 110: Solar Water Pumping

PV 201L: Grid-Direct Solar Electric Lab Week

AND /OR

PV 202: Grid-Direct Solar Electric Systems and Code Criteria

OR

AND /OR

PV 203: Battery-based Solar Electric Systems and Code Criteria

OR

AND /OR

PV 204: Solar Sales & Marketing

AND /OR

PV 205: Economics of Solar: Making the Financial Case

PV 301L: Battery-based Solar Electric Lab Week
